

Summer School 2025

Welcome everyone to the end of week sharing for Alibi & Anthos Arts' Summer School 2025! Over the past five days we have worked with your incredible young people to create a brand new show based on fairy tales and folklore...and what a blast it has been!

This year, we have been lucky enough to offer learning opportunities on both the performance and backstage sides of theatre. While our performance team has focused on developing content for the show, our backstage team have been busy building puppets and set, designing props and learning all about lighting and sound.

None of this would have been possible without the passion and energy from the young people themselves and our amazing guest practitioners, so a special thank you to Lizi Bennett, for providing her puppetry and design skills, and Jay Seldon for her lessons on lighting and all things tech!

Finally, a big thank you to everyone who has come along to see the performance and support the summer school cast and crew of 2025.

The show today is the culmination of everyone's ideas and hard work. We hope you enjoy it!
